

EXPECTED STORM IN CONGRESS BREAKS

Senator Smith Demands Probe of England's Interference With Trade

OFFERS AMENDMENT

Lodge Seeks Investigation of Law and Facts in Submarine Attacks on Ships

ARE REFERRED TO COMMITTEE

WASHINGTON, Dec. 10.—The long expected storm in congress over the administration's conduct of the defense of American rights on the seas broke today when Senator Hoke Smith, Democrat, demanded an investigation of Great Britain's interference with neutral trade and Senator Lodge, Republican, replied with a demand that any investigation include the loss of American lives.

"The body of an innocent child, floating dead on the water, the victim of destruction of an unarmed vessel, is to me a more poignant and more tragic spectacle than an unsold bale of cotton," declared the Massachusetts senator.

Lodge Offers Amendment.

To Senator Smith's resolution for an investigation of trade interferences, Senator Lodge who is the ranking minority member of the foreign relations committee, offered an amendment for investigation of the law and the facts in the submarine attacks on the Lusitania, Falaba, Hesperian, Arabic, Gulfight and Ancona and of the plots and conspiracies against the neutrality of the United States to which President Wilson referred in his address to congress Tuesday. Both resolutions were referred to the foreign relations committee upon which further action will depend. Their introduction, however, had served to bring out the first debate of the session of a subject to which all minds had turned.

Senators on both sides of the chamber were drawn into discussion which was precipitated by a vigorous speech by Senator Smith in support of his resolution.

Should Vindicate Rights

"I wish to extend the scope of the resolution by my amendment," said Senator Lodge, as the Georgia senator concluded, "because if we are to take up this question of the violation of our rights, I want to put it not on the lowest ground alone, but on the highest ground as well. I think it is of great importance that we should vindicate our rights as a neutral in trade if those rights have been violated but I think it is far more important that we should extend protection and assure security to American citizens wherever they rightfully are, for I do not believe any government can long retain the respect of its own people if it does not give them the protection to which they are entitled.

"I think Americans should be protected in their lives and in their liberty everywhere. I do not think they ought to be murdered obscurely in Mexico or openly on the high seas.

American Lives More Important.

"Altho I am as anxious as anyone can be to care for our rights in trade if they are violated, to me American lives are more important than American dollars. If this investigation is to go on and especially if congress is to take action, I want it to take in all the violations of our rights which may have occurred. The most important is the violation which has affected American lives or the security of an American citizen—man, woman or child—and the next most important are those pointed out by the president of the United States in his message the other day when he referred to the destruction of property accompanied by destruction of life in the United States.

"I am not willing to get into a passion over an infringement of our trade and then allow American citizens to lose their lives and have it go by in silence. I think the United States stands for something higher in the world than mere trade and mere dollars. I do not want to see our citizens wronged in their properties but I think we should also stand, and above all, for morality and humanity in the dealings of nations with each other."

To Include All Angles of Subject.

Senator Works of California asked Senator Lodge if his amendment was comprehensive enough to include investigation of parts played by citizens of the United States in sending ammunition on ships which had been attacked or destroyed. He was assured that it was meant to include injury into all angles of the general subjects of belligerent interference with ships.

Senator Hoke Smith, replying to Senator Lodge intimated that there had been an effort made to bury all objections to interference with

DIPLOMATIC RELATIONS NEAR BREAKING POINT

SITUATION AS RESULT OF SINKING OF ANCONA 'IS TENSE

Officials Continue to Preserve Silence Over Negotiations With Austria—Reply to American Note is Anxiously Awaited.

Washington, Dec. 10.—Diplomatic relations with Austria are in grave danger of being broken off over the sinking of the Italian liner Ancona with the loss of American lives. All officials here continue to preserve silence over the negotiations with Austria, but thru the veil which has been drawn about the situation is seen a crisis just as grave as that which attended the submarine negotiations with Germany.

The question of continuing diplomatic relations may be said to depend upon a satisfactory reply to Secretary Lansing's note which now probably is before the Vienna foreign office, demanding a disavowal of the sinking of the Ancona, reparation for the lives lost and assurances that passenger ships shall not be attacked without warning or an opportunity for non-combatants to reach places of safety.

The situation tonight is tense and fraught with possibilities. It is compared to the last days of the Arabic negotiations with Germany, when probably no one but President Wilson himself knew how close the country was to a severance of diplomatic relations with Berlin.

Officials of the state department will not discuss the American note. It is taken for granted in official circles generally that the communication called last Tuesday must have been delivered before this and a reply is anxiously awaited.

A further complication to the situation developed today when it was disclosed that an Austrian submarine which shelled the American Standard Oil tank ship Petrolite in the Mediterranean last week sent a boarding party and took a part of the ship's provisions.

This news came in a consular dispatch and was the first news of the safety of the Petrolite which proceeded to Algiers with one man slightly wounded, small damage having been done to the vessel by the shelling of the submarine.

So far as the Petrolite incident is concerned, there probably will be no action by the state department until more complete reports are received. If the tanker was shelled while trying to escape in disregard of warning from the submarine, there would be no complaint on that score. When she did stop and submit to search, however, in the view of officials here the submarine commander on finding her a neutral ship bound on legitimate business had no right to seize her property.

SECRET SERVICE MEN FIND BOMB MAKING INSTRUCTION BOOK

SAN FRANCISCO, Cal., Dec. 10.—A twenty five page typewritten instruction book on bomb making was found today in a room occupied by J. W. Schweitzer when he was arrested by secret service men for alleged attempted counterfeiting. Coin molds also were seized.

Schweitzer said he came here from Baltimore seven months ago. On the bomb making instruction book was written, according to the arresting officers:

"When you have acquired the information herein, pass it on to another rebel."

CUNNINGHAM IS FOUND WALKING ALONG RAILROAD TOWARD DOUGLAS

DOUGLAS, Ariz., Dec. 10.—Exhausted and with his shoes nearly worn from his feet, John W. Cunningham, an attorney of Tulsa, Oklahoma, who escaped from Fronteras, Sonora when the town was occupied by the Villa troops of General Jose Rodriguez, was found today walking along railroad tracks toward Douglas by an automobile party which went south from here to search for him.

G. H. Southern of Douglas and other Americans who fled from the Mexican town last Tuesday are being sought.

HEAVY FIRE LOSS.

St. Louis, Dec. 10.—Fire of unknown origin did approximately \$250,000 damage to the plant of the A. Giesel Manufacturing company at Second street and Clark avenue here tonight. The building was used for the manufacture of enamel ware and stove equipment.

American shipping with sentimental protestations of the horror at the loss of life and that some of these efforts at least had been influenced by profits from the sale of ammunition.

"Those who have considered it most mercenary to criticize Great Britain for interfering with neutral trade," said the Georgia senator, "have been persons who, to say the least, have not lost anything in their trade."

Senator Walsh of Montana declared that seizures of American copper had ceased only because American citizens had agreed to ship their copper under rules laid down by the British admiralty. He submitted a copy of an agreement entered into between the British admiralty and an American shipper. It was referred to the foreign relations committee as an exhibit.

KAISER PERSONALLY RECALLS ATTACHES

Requests U. S. Secure Safe Conducts for Boy-Ed and VonPapen

MAY CORRESPOND

Officials Show Much Satisfaction at the Prompt Action Taken by German Emperor

LANSING IN ANNOUNCEMENT

WASHINGTON, Dec. 10.—Emperor William has personally withdrawn Captains Boy-Ed and VonPapen, the naval and military attaches of the German embassy here and has made a personal request that the United States secure safe conducts for them and their successors. This was formally announced late today by Secretary Lansing.

A communication from the German foreign office announcing the action was delivered to Secretary Lansing today by Count von Bernstorff, the German ambassador who hurried here from New York when he was advised that a reply to the request of the United States had been received at the embassy from Berlin.

Lansing Makes Announcement.

Mr. Lansing after a short conference with the ambassador, authorized the following official announcement:

"The German ambassador has informed me that the emperor has been pleased to recall Captains VonPapen and Boy-Ed in compliance with the wishes of the United States."

There was much satisfaction in official circles tonight at the prompt action taken by Emperor William and at the outcome of a situation which for a time, appeared to be threatened with serious difficulties. Count von Bernstorff's manner as he left the state department reflected his own apparent gratification.

May Correspond Further.

It was learned tonight that there was a possibility of further diplomatic correspondence on the subject of the withdrawal of the attaches. While the reasons given by the United States for its request were accepted as satisfactory because any objection on the part of the American government to the attaches would render their continued presence undesirable, the German government later may see fit to address a communication to the United States stating that it does not find itself able to agree that the attaches conducted themselves in a manner which justified them in being declared undesirable. The British and French embassies immediately will be asked by Secretary Lansing to secure safe conducts for the return to Germany of the officers. The requests will go to the London and Paris foreign offices and it is said that either Great Britain or France or both may demand that if Captain Boy-Ed and Captain VonPapen leave the United States they must go under parole, giving their words not to take part in the hostilities in Europe.

On the other hand the opinion is understood to prevail at the German embassy that it is proper to ask for safe conducts without qualification as the coming of successors to the attaches would remove two fighting officers from Germany. Secretary Lansing has determined that the question of asking safe conducts for the successors of the attaches shall be decided after they have been named.

Details Are Obtained.

Details of the communications and conversations between Secretary Lansing and Count von Bernstorff over the request that the attaches be withdrawn were obtained tonight. They disclosed that Secretary Lansing verbally informed the ambassador Wednesday of last week that the attaches were no longer acceptable to this government. The ambassador telegraphed that fact to Berlin. The next day the secretary sent a written request to the ambassador that the attaches be removed and appended to it a statement of the reasons for the request.

The ambassador also promptly telegraphed this communication to his home government. Sunday the ambassador was asked by the Berlin foreign office to inquire as to the reasons for the recall and altho he presumed that the reasons already submitted by Secretary Lansing had crossed the request in transit, he carried out the instructions, writing Secretary Lansing a letter which was received on Monday morning. In reply Mr. Lansing stated virtually the same reason as had been given in his first communication with a few details added. The names of various persons with whom the attaches had talked, had been seen with or had associated

ALLIES BEGIN TO RETIRE TO GREECE

Bulgarians Threaten Outflanking Movement from Petrovo

WAGE FOUR DAYS BATTLE

Question Now Arises Whether Teutons Will Follow Allies Across Greek Frontier

GREEK ATTITUDE NOT DEFINED

LONDON, Dec. 10.—The Anglo-French forces have commenced a general retirement from southern Serbia and it is suggested that their destination is the region of Saloniki. This retirement was necessitated not only by the superior forces which the Bulgarians and Germans opposed to the allies, but to a threat of an outflanking movement from Petrovo, where the Bulgarians have arrived and also to danger to their line of communication from Bulgarian troops which had crossed the Greek frontier.

Engage in Four Days Battle.

Both the British and French forces who are well supplied with artillery and machine guns, engaged in a four days battle in which they inflicted very heavy losses on the Bulgarians who fought with desperation and the greatest courage. At the end of the battle the Bulgarians were repulsed but each evening the allies fell back to new positions where events of the day before were repeated.

The question now arises whether the Bulgarians and the Germans will follow the allies across the Greek frontier and what attitude the Greek government will adopt. King Constantine has promised to use his army to protect the retiring force if they undertake to re-embark and has shown his good faith by preventing Bulgarian raiding bands from destroying the allies' communications, but it is doubtful whether the allies will agree to evacuate Saloniki which under the guns of their ships would provide a good defensive position and a base from which other operations could be undertaken. It is on this point that negotiations between Greece and the entente allies is now proceeding and the feeling here and at Paris and Rome is given briefly in the following paragraph printed in large type by The Evening Star:

"The moment is approaching when the Greek government must decide. The allies now more than ever before, require freedom of movement at Saloniki. Hitherto their demands had been met by procrastination and a refusal now will mean war."

Austrians Attempt New Advance.

While retiring from Southern Serbia the allies forces have been given effective assistance by the Montenegrins and Serbians who fled into Albania. This is shown in the resistance which both the Serbs and the Montenegrins are offering the invaders. The Montenegrins have been fighting a series of rearguard actions and delivering counter attacks which the Austrians admit seriously delayed their advance.

LITTLE EIGHTEEN VOTES TO RETAIN BASEBALL

TRACK AND TENNIS MEET WILL BE STAGED IN JACKSONVILLE

Illinois College is Awarded Football Championship of Conference—Tennis Meet Will Be Held May 26 and Track Meet May 27.

Peoria, Ill., Dec. 10.—The unanimous decision of the coaches and representatives that attended the Illinois Intercollegiate Athletic association meeting of the "Little Eighteen" conference, held in this city today, was to retain baseball as a sport in all schools.

Frederick C. Brown, representing Peoria in the conference, was re-elected president, with C. P. Lantz of Charleston, vice-president; H. H. Russell of Bloomington, secretary, and Fred H. Muhl of Illinois Wesleyan, treasurer.

An important feature of the meeting was the announcement of the selection of Bloomington as the site of the next basketball tournament. The dates have been set for March 1, 2, 3 and 4. The schedule was arranged but is not ready for publication. It includes a list of thirty-four games. The selection of Bloomington came as a surprise to most college men, who were expecting that Decatur would be given the tourney, inasmuch as they made an offer of a \$1500 guarantee.

The intercollegiate track and tennis meet will be staged on the Illinois College track and courts at Jacksonville. The date of the tennis meet is set for May 26th and the track meet on the 27th. Illinois College also was awarded the football championship of the conference. Much of the morning session was devoted to a discussion of eligibility but there was no ruling passed.

Fully two hours' discussion during the morning session was given to the by-laws but no drastic changes were made. A committee was appointed to adopt new by-laws.

Another topic of interest was taken up, regarding the scheduling of games. It was decided that teams would be allowed an unrestricted schedule and that they would be allowed to arrange games with any teams they saw fit. The conference adjourned at mid-night.

McMANIGAL ENDS TESTIMONY

Los Angeles, Cal., Dec. 10.—Orlito E. McManigal, confessed dynamite and principal witness against Matthew A. Schmidt, charged with murder as the result of the Los Angeles Times explosion five years ago, admitted on cross-examination today that he was paid \$1,000 by a detective shortly after his release from jail here in November, 1913. He denied that he had been promised immunity for testifying in the dynamite cases. McManigal was excused from the stand just before court adjourned this afternoon after being three days on the witness stand.

Too Many Messages.

If Henry Ford does not stop sending messages from the ship Oscar II, even those enthusiastic friends who have supported him will begin to say that his expedition is ridiculous. The papers each day contain stories of the messages received from the ship telling of the various happenings and of the plans which Mr. Ford hopes to carry out when foreign shores are reached. So many little plans, seemingly impossible of attainment, are told that Oscar II. is beginning to be the synonym for advertising.

Divided Effort.

Fred B. Smith of New York, who originated the men and religious movement which has accomplished a wonderful work in this country in the last year or two, declared recently that divided Christianity is the cause of the present war in Europe. He used this statement as an argument for co-operative federation of the church and went on to say that such a federation if it had existed a year ago would have prevented the war. It has been one of the inexplicable things about war, and which has puzzled men and nations, that the leaders of opposing countries and armies have almost unfailingly in their public statements expressed the devout belief that they were being led of God in their part in the war. Recollection of this fact gives some color to Mr. Smith's statement, for if Christian nations and people and churches were joined in some co-operative organization, how could there be such widely varying viewpoints of Christian duty?

Autoists Will Protest.

The president's suggestion in his message to congress that one of the ways for raising the funds which the increase in the army and navy will require should be by taxing automobiles and gasoline, has not struck a responsive chord, or to be more exact, the response has come but not of the favorable kind. Already various organizations of automobile owners and dealers are planning to make formal protest to congress about including any such provision in the proposed revenue law. The dealers see in such a provision something that will be likely to interfere with sales, and owners declare that with the price of gasoline increased already 100 per cent within the last sixty days, their troubles are already sufficient. They feel patriotic and will be ready to turn their automobiles into war trucks if the emergency arises, but they cannot see the justice of raising revenue by such a direct tax as that proposed.

Republicans Making Ready.

TRAGEDIES.

The king was riding slowly, reviewing of his troops, when, with a zeal unholy, the band sent up some whoops. The steed was much af-

frighted, the king was scared, alas! and o'er his head he skited, and landed on the grass. And operators tireless the dreadful tidings hurled, by wires and by the wireless, all o'er a breathless world. To Greenland's icy mountains the dreadful message flew, by Africa's sunny fountains the sweating heathen knew. By many an ancient river, on many a palmy plain, the news made people shiver, and filled their souls with pain. And as their fire grew larger, we heard the nations sing, "Oh, let us lynch the charger than bucked and threw a king!" Know all men by these presents, and also by this sign: That day ten thousand peasants were shot and killed like swine. Yea, while that worst of horses indulged in leap and bound, ten thousand nameless corpses were piled upon the ground. They lay beside their rifles, all stained with blood and dirt, but who can heed such trifles when royalty gets hurt?

A LASTING MEMORIAL

While the funds for Passavant hospital have not come in as rapidly during the past few days as the committee in charge of the work had hoped, there is no cause for discouragement. A citizen of Murrayville, Pa., without solicitation yesterday sent in his written promise to contribute \$1,000 to the fund if the whole sum is raised. Doubtless there are other citizens in the county who will also be willing to do the generous thing for the hospital, especially if they realize that if the hospital is to fill its highest good the sum which has been asked for must be raised.

In a comparatively small city in another county a wealthy man erected a very fine building. It was much more costly than the demands of his business required. The equipment was the finest that money could buy, and when asked about the expenditure he said, "I mean this for a monument and I would rather have it as a memorial than to have a great, costly shaft in the cemetery over there."

There are people in Jacksonville and Morgan county who might well have the same feeling with reference

to Passavant hospital and who might realize the opportunity that exists here for the erection of a memorial which will keep them alive in the hearts of men and women for ages to come. There are here the sons and daughters of long time citizens who were greatly interested in the hospital and no more fitting memorial to the lives of these men and women could be planned than a tablet at the hospital representing the gift of a goodly sum of money. The name of Mrs. Phoebe Gates Strawn is on a plate on the door of one room at Passavant hospital now, and Mrs. Strawn's gift not only perpetuated her memory there but has been of benefit to hundreds of persons who have had the advantage of the care which her gift made possible. One might easily list other names which properly belong upon the hospital walls, for the institution as it stands today was built by the sacrifices and generosity of noble men and women. Their work was well done, but now there comes the time when the hospital must be enlarged and so this is the time for further generosity and further sacrifices.

Salvation Army
Dr. J. W. Hairgrove. 10.00
Total\$ 60.00

A good boost came for the United Christmas fund Friday when \$60 was added thru the gifts of two contributors. The total of contributions thus far is \$334, which with the addition of 10 per cent makes the present grand total \$367.40. Miss Mary I. Rhoads wrote: "Enclosed find two checks to be helped out by your 10 per cent", and the checks were \$10 for the free bed fund at Passavant hospital and \$10 for the Associated Charities. The other generous contributor of the day was Dr. J. W. Hairgrove, who gave a total of \$40, \$15 for the Associated Charities, \$15 for the Anti-Tuberculosis society and \$10 for the Salvation Army.

Christmas comes two weeks from today, and so a busy time is certain in the preparation for that period when gladness reigns around the world. In making your preparations to remember those of the dear family circle at this season of the year, do not forget that there are others who do not have friends and relatives who can remember them generously and share good cheer with them. By a contribution to the United Christmas fund you can aid the special charity or movement which most appeals to you and by the giving will aid in a plan to increase Christmas giving generally, and will help in making preparation for a Christmas time in Jacksonville when no one will be without remembrance. The funds included are such that the benefit of the movement will not cease with the Christmas time and thru the months following some of the money contributed at this time will be available for those who are suffering from illness or want or who in any other way are not as fortunate as you yourself.

Chief of Police Davis who is particularly in charge of the city hall fund, has received notices from a number of merchants that they will have contributions of clothing and food which will be sent to the city hall in plenty of time list to which he is adding every day the names of children and families who are in real need of assistance. Contributions of money for this fund may be left at the Journal office in order to receive the 10 per cent, and the gifts of goods will of course go direct to the city hall. The time to aid this movement which has no other purpose than to add to the sum total of Christmas cheer is now.

**BLAST KILLS ONE AND INJURES
FIFTEEN; SEVERAL SERIOUSLY**

Accident Occurs in Pellet Department of Fuse Plant at Reddington, Pa.

Bethlehem, Pa., Dec. 10.—An explosion today in the fuse plant of the Bethlehem Steel company at Reddington, six miles from here, killed one workman and injured fifteen others, several of them seriously.

The accident occurred in the pellet department of the plant and resulted, it was said, from a spark at a die communicating with quantities of powder in the room.

Philip Adams of Easton, Pa., was the man killed. The injured were brought to a hospital in this city. Their injuries consist mainly of burns but all will probably recover. The room in which the explosion occurred was badly damaged. All the employees who were at work in adjoining departments and buildings were sent home for the remainder of the day.

The fuse plant employs several hundred men who are at present employed chiefly in making shell fuses for the entente allies.

This is the second explosion that has occurred at the Reddington plant in nearly four months. On Aug. 20th, ten men were burned by a powder flash.

STILL CONSIDERING REQUEST.

Washington, Dec. 10.—A statement issued today by the British embassy said the London foreign office still was considering the request of the American Red Cross that passage through the blockade lines be given to rubber hospital supplies for Germany. The British officials so far have refused passage to such goods on the ground that it would enable Germany to divert a corresponding amount of rubber to strictly military purposes. The Red Cross will send rubber to none of the belligerent countries so long as it is barred from one side.

**AGAIN REQUEST ASSURANCES
REGARDING MURPHYSBORO HANGING**

SPRINGFIELD, Ill., Dec. 10.—Another letter was dispatched from Governor Dunne's office today to Sheriff James White of Jackson county requesting satisfactory assurances that Elston Scott, a negro will be hung decently and in the presence of as few witnesses as possible. Scott's second reprieve expires December 17. Unless Sheriff White changes his attitude, as expressed in his letters to the governor Scott will be granted another reprieve about December 14. Governor Dunne does not believe in eleventh hour reprieves under ordinary circumstances.

The public hanging of Joe Deberry, another negro, at Murphysboro, under Sheriff White's direction, was responsible for the governor's determination not to permit Scott to be hung until assured it would be done properly.

**EDWARD J. BRAZIE ARRESTED
IN DANVILLE AND BROUGHT HERE**

Is Wanted in Murrayville for Forgery Checks on Harvey Osborne and C. J. Craigmile.

Edward J. Brazie, alias Fred Anglin, was arrested in Danville and brought to Jacksonville by Sheriff Grant Graff last night, where he will answer for forgery and obtaining money under false pretenses.

Brazie had been working as a solicitor for the Springfield News-Record and Mr. Osborne had been driving him about thru the country. Several days ago he forged checks to the amount of \$60 on Messrs. Osborne and Craigmile. He disappeared mysteriously and was not heard from until apprehended in Danville, where he was going under his assumed name. His wife suffered a broken leg and has been at Ashland and it was by this means that Brazie was located. Brazie claims that he was drunk at the time but later expected to make the money good. He says his father resides in Nebraska and is expecting him to help him out of his predicament.

Brazie formerly resided in Jacksonville and for sometime was in the employ of Otis Hoffman, the concrete contractor. Before working for the News-Record he was employed by the State Register as a solicitor. He will be given a preliminary hearing before a Justice of the Peace soon.

**ST. LOUIS TO MAKE EFFORT FOR
1916 REPUBLICAN CONVENTION**

ST. LOUIS, Mo., Dec. 10.—Provided with a check for \$100,000, a committee of Republicans was to depart today for Washington, D. C., where it will attempt to persuade the Republican National committee to hold the 1916 convention of that party in St. Louis.

The local committee will use practically all the arguments which enabled a similar Democratic committee last Wednesday to obtain the 1916 Democratic convention for St. Louis and in addition will put forth some hitherto undisclosed reasons why the Republican convention should be held here. Like the Democrats, this committee, it is believed, will claim that Missouri is a doubtful state politically.

Did Not Discuss Facts.

Many of the names it is understood, were those of persons who since have been discredited or who have been connected with investigations or prosecutions. Secretary Lansing at no time discussed the facts relating to the reasons, nor did he disclose the sources of the state department's information. The reasons were submitted to Emperor William himself by the foreign office, the attaches being his personal appointees.

Secretary Lansing now is free also to consider the cases of other foreign diplomatic and consular officials which the state department has under investigation. The case of Alexander Von Nuber, Austro-Hungarian consul general at New York, probably will be decided first. It also is known that the department has under consideration the case of a high diplomatic official who a decision in that matter is not expected for some time.

**PET RAM GIVES LITTLE
STEWART GREENLEAF A DEGREE**

The following story clipped from a Kingman, Kans., paper was recently received by Mr. and Mrs. Henry Stewart from their daughter, Mrs. George Stewart Greenleaf.

"Wednesday, Stewart, the 7-year-old son of Mr. and Mrs. Moses Greenleaf, was so seriously injured by being attacked by a yearling ram that he had to receive medical and surgical attention; and he is still a pretty sick child.

"It appears that there is a pet ram in the flock of sheep down at the Greenleaf ranch, and the children are in the habit of playing with it and of course it was not hard to teach it to butt, as that is one of the characteristics of a sheep. Wednesday Stewart had gone out into the pasture, some half a mile from the house, where the sheep were. The men folks were working out about the barn, when they presently discovered Stewart coming towards the house, and following him was the young ram, and they noticed that it was butting the boy over as he was attempting to make his way home, and as fast as he would attempt to rise from the ground, iff, it would hit him again, and down he would go. They hurried to his rescue and when they came to him he was just about all in. Had he not been noticed, it is likely that the sheep would have killed him, as the wind was blowing a gale, and in consequence his calls for help could not be heard. He was brought to town and placed in care of Dr. Hoskins, who found that the bone in his upper arm was fractured and that he was otherwise bruised and injured by reason of his scrape with the pet sheep; but was not that to be in serious danger on account of his hurts.

It was learned that the boy was in the habit of carrying an ear of corn with him when he went among the sheep and giving some of it to the young ram, and it had learned to look for his usual treat, and the boy not having any for him at this particular time the sheep was showing his displeasure by butting the boy. We will wager that in the future Stewart will either have an ear of corn or a hammer or club with him when he goes out to the pasture to visit Mr. Sheep. While the episode had a ludicrous side to it, it turned out 'o be no laughing matter for the boy and his parents."

JOLIET, Ill., Dec. 10.—An attempted attack on a switchboard operator here by a negro last night resulted today in the arrest of a suspect at Aurora, whose name was not learned.

Early last night, while she was alone in the office of the United Western Gas & Electric company, Miss Gertrude McFadden, the operator, saw a negro enter. He said nothing, but, drawing a knife, approached her. Miss McFadden fled from the office, running eight blocks to her home. Her screams brought passers-by to the office but the negro had gone when they arrived.

BLOW BANK SAFE.

Atchison, Kan., Dec. 10.—Four men blew open the safe and vault of the State Bank of Everett, Kan., 18 miles northwest of here, today and escaped with \$1,500.

Before entering the bank, the robbers broke into a hardware store and secured ammunition. Then they covered City Marshal Butler with revolvers for 45 minutes until they secured their loot.

**TO REPORT ESTIMATED
COST OF WATERWAY.**

Washington, Dec. 10.—The senate today adopted a resolution by Senator Gore calling upon the secretary of war to report on the estimated time and cost of an inland waterway from New York harbor to the Gulf of Mexico by way of the Hudson river, Erie canal, the great lakes, the Illinois and Michigan canal, the Hennepin canal, the Illinois river and the Mississippi river.

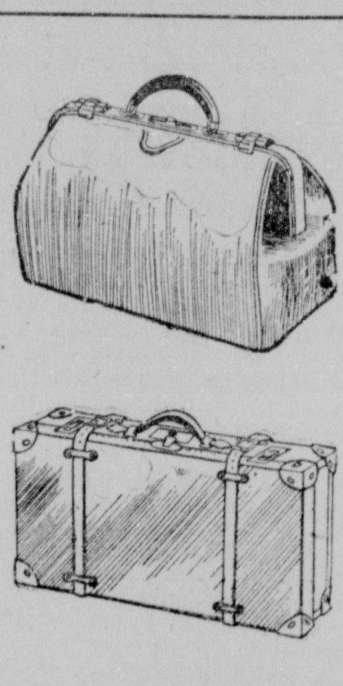

FIRE DESTROYS COTTON.

New York, Dec. 10.—Fire today among 400 bales of cotton awaiting shipment on the Southern Pacific railway company's piers caused a loss estimated at \$20,000. The cause of the fire is unknown.

The company refused to state whether the cotton was consigned to a European government.

**RAILROAD WORKERS PLAN
FIGHT FOR 8-HOUR DAY**

Chicago, Dec. 10.—The western branches of the four big railroad brotherhoods—engineers, firemen, conductors and brakemen—have sent delegates to an important gathering here today to join in the nationwide movement of the railroad workers for an eight-hour day. A committee will be chosen, it is expected, to cooperate with the committees of the Southern and Eastern branches of the brotherhoods at a general meeting here next Wednesday, at which time the plans for the fight to obtain the eight hour agreement will be formulated.

More than 350,000 trainmen are involved in this movement to shorten the hours of work, and they comprise the train crews on all the steam railroads of the country. An eight hour day will be demanded to supplant the present system of working hours, and the trainmen will demand that the same wages be paid for eight hours as now paid for ten hours. Time-and-a-half overtime work will also be included.

The big meeting of delegates here next week will prepare the ballots for a referendum. The tabulation of the votes will be completed by March 1 and under the agreement the roads will have thirty days in which to answer the demands.

SOUTH PUMPING STATION WAS DESTROYED BY FIRE

Blaze Had Good Headway Before
Discovered—Believe Pumps Not
Hurt—Loss Partially Covered by
Insurance.

Fire which started about 2:30
o'clock Friday afternoon practically
destroyed the South End City Pump-
ing station and entailed a loss of
several thousand dollars. The roof
was entirely destroyed over the boil-
er room and the pumping station.
Chief Hunt is of the opinion that
the boilers suffered no damage and
that the pumps probably are not in-
jured unless some of the smaller
parts were broken by pieces of fall-
ing roof.

The origin of the fire is a mystery.
Frank Kaule, day engineer, was on
duty at the time. It is said that O.
H. Spaulding who is in the employ
of the street department, saw the
smoke and later the flames before
it was discovered by Mr. Kaule.
However, he was too far away to
give warning. When Mr. Kaule dis-
covered the blaze it had gained con-
siderable headway and owing to the
long run the building was in flames
when the department arrived.

The fire apparently started in
the roof of the boiler room. Chief
Hunt is of the opinion that it was
caused by a defect in the breeching
leading from the boilers to the
smoke stack. The loss is partially
covered by insurance. \$2500 was
carried on the building and equip-
ment.

At the time of the fire there was
no pumping being done at the sta-
tion. The city is getting practically
all of its supply from the north end
station and has been for two years
or more. It is fortunate that the
city has the north end supply else it
would be in bad shape.

The south end pumping station
probably is one of the oldest in the
state. It was erected in 1873. Ac-
cording to Eames' Historic Morgan
the building cost \$5,000, the pump
\$3,000 and the boiler \$2,000. The
first pump installed was a Niagara
with a capacity of 700 gallons per
minute. Since then a Worthington
pump and a Smith-Vaile pump have
been installed. Both of these were
in service at the time of the fire.
There also were several boilers in
place of the one when the station
was built.

POLICE CAN COMMAND HELP OF CITY EMPLOYEES

Such is Reading of Ordinance in
Bloomington.

Mayor E. E. Jones and Commis-
sioner Erickson, of the department
of health and public safety, yester-
day drafted notices to city firemen
and city employees in general which
are to be posted in the local fire sta-
tions which make it compulsory that
the city employees lend assistance to
police officers whenever called upon
in making an arrest, says the Bloom-
ington Pantagraph. This order is the
outgrowth of the fact that a couple
of the city firemen were a trifle slow
in lending assistance to a police of-
ficer a few evenings ago, when a
street fight between an officer and an
offender was staged.

The Instructions.
The new order reads as follows:
"Whereas, At any time a crisis
may arise when a police officer or a
citizen may call for assistance in
making an arrest or in taking into
custody, a person guilty of an un-
lawful act:

"It shall be the duty of all city
firemen or other city employees to at
once lend to such officer their as-
sistance in enforcing the laws. Any
employee not complying with this
ruling, shall be subject to a fine and
discharge from service."

Citizens Must Also Assist.
Incorporated in the above men-
tioned notice is the law applicable
to the citizen. Section 888, Article
6, of the Revised Ordinances of the
City of Bloomington reads:

"Any officer of the city, at any
time, may call upon any able bodied
male person over the age of 21 to
aid in arresting any persons having
committed an unlawful act. Who-
ever shall refuse such aid is subject
to a fine of not less than \$3 nor
more than \$25."

IS IN NEW QUARTERS.

George Rodrigues the West Mor-
gan street wall paper man has re-
moved to his new quarters. Mr.
Rodrigues has been located in the
Becker building on West Morgan
street and his new location is just
across the street in the Chambers
building formerly occupied by Clar-
ence Massey. The building has been
undergoing extensive improvements
and is well designed for Mr. Rod-
rigues business. The room has been
partitioned off and the front room
which will be used as a salesroom is
19 x 32 feet and equipped with
shelving for wall paper and bins for
materials used in painting. The rear
room is 19 x 34. In this room Mr.
Rodrigues will keep stock and he
also has room for storing all of his
ladders and other tools.

THIEVES ROB SCHOOL HOUSE.
Thieves entered the Lafayette
school building some time Thursday
night and rifled three teachers'
desks. In one desk they obtained
about \$2 and from the other two
they got some small change. En-
trance was gained thru a window.
Chief Davis is of the opinion that
it was done by local talent and has
several boys under suspicion.

MANY LODGERS.

Thirty-two men were lodged at the
police station Thursday night. Chief
Davis says that the men who apply
this year are not of as good appear-
ance as those of a year ago. He is of
the opinion that they are more on
the order of professional hobos.

These Men Are Setting the Pace for Passavant
Hospital Campaign.

Some Topics of the Farm

(From Wallace's Farmer.)

County Agent Fights Cholera.—
Working under the direction of a
farm bureau, M. C. Thomas, county
agriculturalist for Marion county,
Ohio, has been successful in saving
more than \$100,000 in losses from
hog cholera by the use of serum.
Up to the present time, Mr. Thomas,
with the aid of an assistant, has
treated over 8,000 hogs, saving 97
per cent of all vaccinated. He main-
tains that farmers should be allow-
ed to inoculate their own swine for
cholera.

Cost of Horse Labor.—The annual
cost of keeping a horse was found
to be \$90.40 in Rice county Minne-
sota; \$87 in Lyon county, and \$75.07
in Norman county. The figures are
averages for the years 1904-1907.
In Rice county these charges were,
as follows: Interest on investment,
\$5.54; depreciation, \$5.56; harness
depreciation, \$2.10; shoeing, \$1.42;
feed, \$63.49; labor, \$11.88, and mis-
cellaneous, 40 cents, making a total
of \$96.40. These costs have in-
creased. This emphasizes the need
of keeping the horses busy, and of
having no idlers on the farm.

Cost of Repairing Bridge.—Repair
work on an old wooden bridge across
the Arkansas river at Lake, Kansas,
has cost approximately \$18,000. An
additional \$2,000 lost in a damage
suit brings the total cost of the
structure up to more than \$20,000
during the last fifteen years. For
this reason, 200 of the tax-payers
have petitioned the county board for
a new bridge, to be made of con-
crete, and bids for the same will be
opened in January. The new bridge
which will be permanent, will cost
less than has been expended for re-
pairs on the old one.

WORLD'S BUTTER RECORD.

Buffalo, N. Y., Dec. 10.—Lady Pon-
tiaz Johanna, a cow valued at \$20,000,
has just broken the world's re-
cord for butter production by yielding
658 pounds of milk in one week from
which was made 41 1/2-100 pounds of
butter. This eclipses the former but-
ter record by 5 1/4 pounds.
The cow was milked four times
daily under the supervision of a re-
presentative of the New York Agri-
cultural department. Lady Johanna
is owned by Oliver Cabana, Jr., of
Buffalo.

Fat lambs are selling remarkably
high for this time of the year and the
demand is still ahead of the supply.
The fact that the quarantine pre-
vented the distribution of feeder
lambs in Chicago territory has caused
sellers thus far to be moderate and
buyers have been able to hold values
at a very satisfactory limit. Some
decline is anticipated after the first
of the year, the nobody looks for
excessive receipts. Best lambs are
going now at \$9.00 @ 9.25. Five years
ago this month the top was \$6.90
and ten years ago \$7.50.

The excessive supply of cheap
cattle and hogs that have gone to
market this fall has been a great
boon to packers. They have pocketed

a big wad of money because of this
peculiar and unusual condition. Most
of the big contracts for meats were
made last summer when prices of
live stock were high all along the
line. Packers naturally figured that
if the high scale of summer prices
held up they would make the usual
margin of profit but fall brought a
deluge of cheap cattle and hogs and
very large figures are being recorded
now on the profit side of buyers'
ledgers. Provisions started to go up
about the time that hogs started to
go down, the Board of Trade produc-
tively being manipulated largely from Pack-
ingtown.

Spencer Carpenter residing a few
miles northeast of the city has had
good success with his hogs for some
time. He finds the R. & W. Stock
Powder a good thing and uses it
with best results. At present he is
feeding Red Duroc hogs but has
secured a fine Poland China boar
with which to cross them. The ani-
mal is two years old and Mr. Car-
penter thinks it will well weigh 500
pounds. He thinks the Poland Chin-
as are rather more easily kept than
the Reds and that a cross will se-
cure the good traits of both. When
his pigs are quite small he keeps
each family in a separate pen and
then, as soon as they are able to get
out he turns them loose to rustle.
He says a pen is apt to get dusty
and foul if the hogs are kept in it
too long. Last year he had a hun-
dred hogs and the hog cholera was
all about him his hogs were free
from it and he attributes it largely
to the feed. He says he shelled
their corn and boiled it and every
few days put in some wood ashes
with the feed. He likes plenty of
clover pasture for hogs and green
feed when practicable but doesn't do
much in the way of slops of shorts
and bran. He gets his hogs ready
for market when they are from nine
to twelve months old and they weigh
from 200 to 250 pounds each.

Jacob Strawn of Strawn's Cross-
ing has raised a good many hogs.
He likes the old, reliable Poland
Chinas and looks out for a boar that
is large boned, strong limbed and
lusty. The one he has now he
bought of William Foster, and it is
quite satisfactory. He uses both
individual and long sheds with fam-
ily partitions but rather prefers the
long shed. When fattening hogs he
feeds plenty of corn, has clear wa-
ter for them and if they can follow
cattle that is variety enough, he
thinks. He endeavors to have his
sows produce two litters a year and
lets the pigs rustle when they are
weaned. He likes clover pasture for
hogs but has no use for pumpkins
and says he actually believes they
were the cause of his hogs having
the cholera a few years ago. He has
but few cattle at present but is sat-
isfied that the time has come when
it will pay to keep cows and raise
calves. He has had long experience
with stock and feels that it is pos-
sible that there is more money in rais-
ing calves than in going to the mar-
kets and buying frames to fatten.

TRAMP HAS PTOMAINE POISONING

A tramp was stricken with ptomai-
ne poisoning at the Burlington sta-
tion Friday and was taken to a lo-
cal hospital. According to his story
he had made some coffee in a tin
can near one of the railroad tracks
and drank it. Evidently the poison
resulted from that. The police were

notified and Chief Davis in speaking
of the case Friday afternoon said
it was some time before a physician
could be secured to wait on the
man.

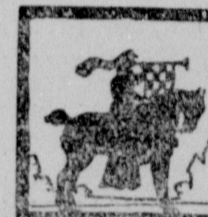

R. O. Hieronymus, community ad-
viser of the University of Illinois,
was calling on Jacksonville friends
a time yesterday.

NEW LABOR RESEARCH WORK HAS BEGUN.

Has Funds for Studying Labor
Problems in the United States.

New York, Dec. 10.—The "De-
partment of Labor Research", re-
cently formed in connection with
the Rand School of Social Science,
is getting under way, having secur-
ed sufficient funds to begin the huge
task of studying modern labor
problems in the United States. It
is claimed that the research work
will be conducted under neutral
conditions, disregarding the points
of view of both the capitalists and
the workers.

In order to get started with a
proper show-down of its intents and
aims, a dinner will be given next
Tuesday night at the Central Opera
House, at which the plans will be
talked over. The subject of the
program will be "A Constructive
Program for Labor". Dr. Scott
Nearing, the brilliant young econ-
omist who recently lost his profes-
sorship at the University of Pennsy-
lvania because of his economic views,
will be a speaker. Prof. Franklin
H. Giddings of Columbia, Commis-
sioner of Immigration Frederick K.
Howe, Morris Hillquit, and Leonora
O'Reilly of the Woman's Trade
Union League, will also speak at the
dinner.

For the past year a group of men
and women—university instructors,
labor leaders, economic and munic-
ipal experts—has planned the estab-
lishment of a center of research on
present day labor problems. The
work to be done will be carried out
under the direction of an advisory
board consisting of Prof. Ego. W.
Kirchwey of Columbia University,
Prof. Giddings, Mr. Hillquit, Mr.
Howe, Mrs. Florence Kelley, Prof.
Charles A. Beard of Columbia, Ro-
bert Brainerd, N. I. Stone of the U. S.
Census Bureau, and others.

Miss Juliet Stuart Poyntz has
been appointed director of the new
labor department. She will publish
reports on investigations of labor
problems in concise pamphlets simi-
lar to those published by the In-
dependent Labor Party of England. A
reference library will be maintained,
and a vast collection of material in
relation to labor problems will be
gathered.

A FINE HOLIDAY DISPLAY.

When people are talking about
holiday shopping they combine the
useful with the ornamental, the gifts
for the little folks and the gifts for
the grown-ups; and when all can be
found in one establishment it is a
great convenience. Such is the case
at the great store of Andre & Andre,
where is collected a stock of goods
rarely equaled in any place of this
size and many much larger. All man-
ner of house furnishing goods, and
in addition such a lot of nice things
for the children. Admiring visitors
call daily and express their appre-
ciation of the elegant stock.

ENDORSE LEGISLATION HAVING BEARING ON HIGHWAY IMPROVEMENT

Implement Dealers Take Action at Convention in Peoria—Officers Are Elected.

Peoria, Ill., Dec. 9.—Legislation that has an indirect bearing on highway improvement was endorsed at the convention of the Illinois Implement and Vehicle Dealers' association here today. The following officers were elected:

President, A. R. Keeler, Altoona, Ill.; vice president and treasurer, J. A. Montellus, Jr., Piper City, Ill.; secretary, F. L. Warrington, Rushville, Ill.

The convention endorsed the passage of a law by the legislature, requiring wider tires on wagons having a capacity of one ton or over. They suggested that the width be made three inches.

Today's session was devoted largely to addresses on trade topics. Prof. Jarvis of Chicago and E. W. McCullough, secretary of the national body, made the principal speeches.

Peoria was conceded the winner in the convention city fight for 1916 although official announcement will not be made at this time. The convention adjourned tonight.

EXPLAINS PURPOSE OF MOVE.

Berne, Switzerland (via Paris), Dec. 10.—Dr. P. Troesch, secretary of congress for the study of a durable peace which is to meet in the spring, explained today the origin and purpose of the movement. He said the congress was being organized by representatives of the international body at The Hague, which forms the remainder of several international associations which have been paralyzed by the war.

DETAIN BELGIAN REFUGEES.

New York, Dec. 10.—At least 100 of the 209 Belgian refugees who arrived here yesterday in their way to join relatives in the west will be detained at Ellis Island for several days because of lack of funds or for further medical observation.

ALLIES WILL HAVE 500,000 FOR BALKAN OPERATIONS IN SPRING

PARIS, Dec. 10.—An allied army of 500,000 or more will easily be available for operations in the Balkans in the spring, according to General de la Croix, military critic of The Temps in a review in that newspaper of the military situation in the Balkans.

There are 150,000 troops of the allies at Saloniki and 100,000 British at the Dardanelles could be transferred thence, says General de la Croix, who adds that unless the British army evacuates the Gallipoli peninsula, the chances are 99 out of 10 that within two or three months they would be thrown into the sea.

HAD NO "PRECONCEIVED PLAN"

New York, Dec. 10.—There never was any "preconceived plan" on the part of the directors of the New York, New Haven & Hartford railroad to monopolize the transportation traffic of New England, Charles S. Mellen testified today. The growth of the New Haven system, he said, was a process of evolution and a consequence of an attempt to give New Haven an efficient transportation system.

MUST DISCONTINUE PRACTICE.

New York, Dec. 10.—Members of the New York Stock Exchange were notified today that the practice of some brokerage firms of recommending in newspaper and periodical advertising the purchase of certain securities in which they are interested is a violation of the rules and must be discontinued.

TO DINE SUFFRAGE ENVOYS.

Washington, Dec. 10.—Miss Zona Gale of Wisconsin, Mrs. Glendower Evans of Boston, and Frank P. Walsh, former chairman of the U. S. Commission of Industrial Relations, are to be the speakers at the dinner to be tendered tomorrow night to Mrs. Sarah Bard Field and Miss Frances Joffe, the envoys from the women voters of California to the convention of the Congressional Union for Woman Suffrage.

'MANICAL RESUMES STORY OF M'NAMARA DYNAMITING CONSPIRACY

Tells of Receiving Four Infernal Machines Sent From Indianapolis by John J. McNamara.

Los Angeles, Cal. Dec. 10.—Ortie E. McManigal, the state's chief witness, today resumed his story of the McNamara dynamiting conspiracy at the trial of Matthe A. Schmidt, charged with the murder of twenty men killed when a bomb wrecked The Times building here five years ago. In the course of his story McManigal told of having received at Detroit while with James B. McNamara, confessed dynamiter of The Times plant, a package of four infernal machines sent from Indianapolis by John J. McNamara, former secretary of the International Association of Bridge & Iron Workers. McManigal identified the express receipt that accompanied the package and also the signature of J. B. Brice thereon. This signature, he said, was written by James E. McNamara. That was in 1910, McManigal said, a short time before The Times explosion.

Jesse D. Smith of New Castle, Indiana, told of controversies he had with J. J. McNamara, then secretary of the International Association of Bridge and Structural Iron Workers and Herbert S. Hockin, while erecting two buildings in Peoria, Ill. with non-union men.

An explosion occurred April 9th, 1910 on the work and Smith said he thereupon agreed to employ members of the iron workers union.

CULP HEADS LEGISLATIVE BOARD OF LOCOMOTIVE ENGINEERS

SPRINGFIELD, Ill., Dec. 10.—J.A. Culp of Blue Island was re-elected chairman of the Illinois legislative board of the Brotherhood of Locomotive Engineers here today at the close of a three day session of the fifty-five members. Frank A. Denton of Springfield was elected vice-chairman; C. E. Long of Charleston was re-elected secretary-treasurer and J. J. Arie of Champaign and A. M. Sturrock of Chicago, were elected members of the executive committee. The deliberations of the board were held behind closed doors. It was decided to urge the passage by the next general assembly of a number of bills affecting trainmen.

WOMAN SUFFRAGIST'S MAKE ROUND UP OF CONGRESSMEN

WASHINGTON, Dec. 10.—Woman suffragists made a round up of congressmen today and urged every member they could find to support the Susan B. Anthony federal suffrage amendment.

About fifty women, many of them suffrage leaders of national prominence, marched to the capitol in a body and breaking into groups went thru the house and senate office buildings.

Later they reported that in most cases their reception was cordial, although some members were non-committal and others were openly antagonistic. Announcement was made at the business session of the congressional union today that Senator Thomas, chairman of the senate suffrage committee had definitely promised the union a hearing before the committee Dec. 16, the day after the hearing to be given the National Woman Suffrage association.

TO OPEN BIDS FEB. 16.

Washington, Dec. 10.—Announcement was made today that bids for the two fleet submarines authorized by the last congress would be opened at the Navy department Feb. 16th. Specifications for boats designed to have a surface speed of 25 knots have been sent to prospective bidders.

Eighteen similar or larger submarines are included in the five-year building program for the navy, recommended to congress by President Wilson.

EAT A SQUARE MEAL AND NOT FEAR INDIGESTION

There are hundreds of people in Jacksonville who were not the least bit surprised when they read in the Journal that Coover & Shreve are selling Mi-o-na on a guarantee to refund the money in case it did not relieve. This remarkable dyspepsia remedy will relieve the worst case of indigestion, headache, dizziness, or the general played-out condition that afflicts every one suffering with stomach trouble. Mi-o-na does not simply relieve, it aims to cure.

Coover & Shreve can tell you of many well known people in this city who this remedy has restored to health, often after they have tried many other methods of treatment with little or no benefit. No other dyspepsia remedy has made so large a percentage of cures as Mi-o-na. It is so large that Coover & Shreve stand ready to refund the price to any customer whom it does not help.

The best kind of advertising is the praise of a pleased customer, and there are hundreds in Jacksonville today praising Mi-o-na because it does what it is advertised to do. A few months ago they could eat nothing without wondering what the result would be. Since using Mi-o-na, they eat what they want and when they want with no fear of suffering. This medicine comes in the form of a small tablet and is very pleasant to take. It speedily and permanently relieves almost all forms of stomach trouble and is the only one sold under a positive guarantee without any restriction, to refund the money if it does not relieve. This is a good time to get well and you ought to take advantage of Coover & Shreve's offer. Adv.

SUITS AGAINST FORMER TREASURER OF EAST ST. LOUIS ARE SETTLED

EAST ST. LOUIS, Ill., Dec. 10.—Suits instituted by the city of East St. Louis to recover from E. Fred Gerold, former city treasurer, funds which it was claimed had been withheld were settled by agreement in the circuit court today. Under the settlement the city will receive \$7,360.

The suits were not for a definite amount. They were filed about the time Gerold was indicted on a charge on misappropriating funds. Gerold was convicted in the lower court, but the verdict was reversed on appeal.

SALOONIST IS ACQUITTED.

Peoria, Ill., Dec. 10.—Despite evidence that T. W. Thompson, a 19 year old youth had taken his first drink of liquor in a Peoria saloon on Sunday at the behest of leaders of the Peoria Citizens' committee, Frank Weber, saloonist, was acquitted by a jury of bankers of the charge of violating the Illinois Sunday closing law here today. The case was the first growing out of a number of arrests for alleged violation of the state liquor laws.

Nine out of ten persons have this dread disease

Pyorrhea—the most general disease in the world—is the disease you should be guarding your teeth against. It is caused by a germ which is found in every human mouth.

Thousands have already lost some or all of their teeth from this disease; in thousands it has reached the stage of bleeding gums and loose teeth; in thousands of others the germ, unsuspected, is just starting its work of destruction. Start today to guard your teeth from the dread results of this disease by using a corrective and preventive treatment in your daily toilet.

To meet the need for such a treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public

in the convenient form of Senreco Tooth Paste.

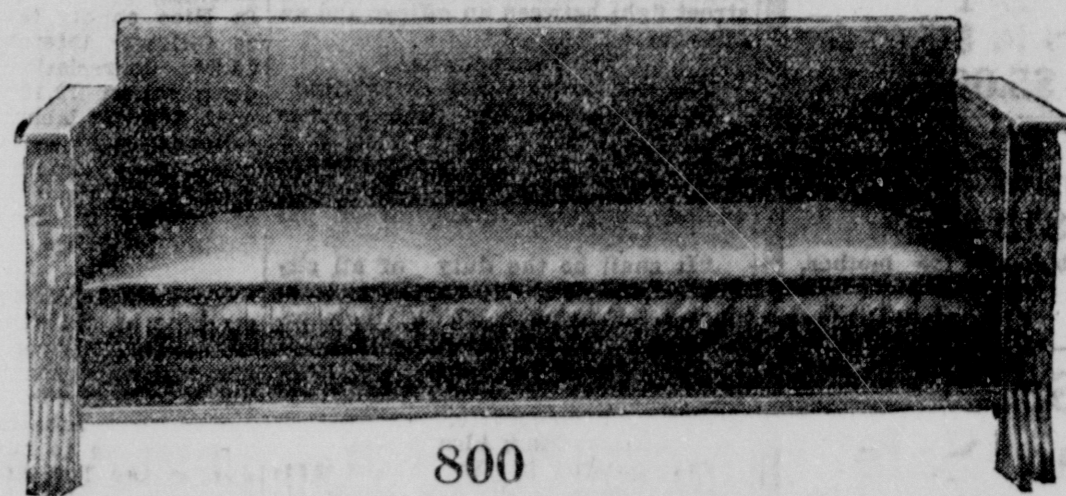

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Sental Remedies Co., 503 Union Central Bldg., Cincinnati, Ohio.

**SCHOOL CHILDREN SELLING
CHRISTMAS SEALS**

The campaign of school children
selling Christmas seals was started
Friday. The campaign will last until
next Friday. It is the intention to
give the room selling the largest
number of seals a picture for the
school room. To the child in each
room selling the largest number of
seals will be given a medal. Those in
charge wish that families who have
purchased all the seals they need
would paste a seal on the door and
thus avoid being bothered by the
children. The children have been
instructed not to ring a door bell
when a seal has been pasted on the
door.

HEAD AND NOSTRILS STUFFED FROM COLD

"Pape's Cold Compound" Ends a
Cold or Grippe in a Few Hours.
Your cold will break and all
grippe misery end after taking a
dose of "Pape's Cold Compound",
every two hours until three doses
are taken.

It promptly opens clogged up nos-
trils and air passages in the head,
stops nasty discharge or nose run-
ning, relieves sick headache, dull-
ness, feverishness, sore throat,
sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blow-
ing and snuffing! Ease your throbb-
ing head—nothing else in the
world gives such prompt relief as
"Pape's Cold Compound", which
costs only 25 cents at any drug
store. It acts without assistance,
tastes nice, and causes no inconve-
nience. Accept no substitute.—Ave.

WOMAN'S CLUB PROGRAM.

December Meeting This Afternoon at
Academy Hall—In Charge of So-
cial Service Committee.

The December meeting of the Jack-
sonville Woman's Club will be held
this afternoon at Academy hall at 3
o'clock with Mrs. David W. Reid,
chairman of the social service com-
mittee, in charge. The subject of so-
cial service will be discussed from
many angles, not the least important
of which will be the practical ways
in which the club has sought to be
helpful, as by means of the loan
chest and otherwise. The program
follows:

"Echoes from the Chautauqua
Child Welfare Conference"—Miss
Margaret Ayers, secretary of the so-
cial service committee.

"Library Co-operation"—Miss Ly-
dia M. Barrette, public librarian.

"The Proposed Nation-wide Baby
Week"—Mrs. A. L. Adams.

**CHRISTIAN CHURCH C. E.
SOCIETY ELECTS OFFICERS**

At a meeting of the Christian En-
deavors of Central Christian church
Thursday evening at the home of the
Rev. and Mrs. Myron L. Pontius on
West College avenue officers for the
six months ensuing were elected and
a social hour of especial pleasure
was spent. Following are the offi-
cers:

President—Harry Walker.
Vice president—Miss Beas Pyatt.
Secretary—Miss Melba Anderson.
Treasurer—Miss Alice Mathis.
Planist—Miss Hazel Claus.
Corresponding Secretary—Miss
Marie Finney.

RETURNS FROM CONFERENCE.

Canton, O., will be the location of
the first of the series of congresses
on doctrine and expansion by the
Disciples of Christ. It was decided
the first of the week by a committee
appointed for the purpose C. L.
Dapew has returned from Cincinnati,
where he attended the committee
sessions and is firm in the belief that
the entire series will be a decided
success.

WILL LIVE IN PEORIA.

Mr. and Mrs. Harry Crouse of Mur-
rayville arrived in the city last even-
ing and will leave today for Peoria,
where Mr. Crouse has taken a posi-
tion with the Underwood Typewriter
company.

DRY WORKERS WILL HOLD CHICAGO CONFERENCE

Will Meet in Chicago Tuesday to
Discuss Plans for Coming Cam-
paigns—Sunday Closing Fight
Will go to Legislature.

A conference of dry workers from
all over Illinois will meet in the
Auditorium Hotel, Chicago, on the
afternoon and evening of December
14 under the auspices of the Anti-
Saloon League of Illinois to discuss
plans for the spring wet and dry
elections and legislative and con-
gressional campaigns.

Dr. P. A. Baker, general superin-
tendent of the Anti-Saloon League
of America, is expected to outline
briefly the congressional contests of
next year in Illinois in their relation
to national prohibition. E. J. Hall
and D. C. Summers will give their
spectacular and dramatic dialogue-
debate which they delivered 260
times during the Ohio campaign
with remarkable results.

Following the debate, a banquet
in the Auditorium Hotel and a
worker's conference will be held,
covering the following program:

1.—Publicity, printed and spoken,
in municipal and state campaigns.
2.—Organization for the same.
3.—Methods of reaching the labor
vote, foreign vote, etc.
4.—Ways and means of financing
wet and dry campaigns.
5.—Legal phases of wet and dry
fights.

Over 500 cities and towns will
vote on the liquor question next
spring and the contests will doubt-
less be the hottest in their history.
Already the wets are busy circulat-
ing petitions in many of these places
and are organizing their forces more
thoroughly than ever before.

In the fight for the legislature,
liquor will also be the dominant
issue, and this fight promises to be
the most bitterly contested in the
history of Illinois. The United
Liquor Societies have decided to car-
ry the Sunday closing fight to the
legislature.

"The dries," says an Anti-Saloon
League representative, "will be glad
to meet the liquor interests on this
issue. We believe that the Sunday
closing law is more firmly entrench-
ed in public sentiment than any other
dry law, and the wets in choosing
it as the chief object of their attack
have chosen the very weakest
ground on which to make their leg-
islative fight."

WHITE OAK GROVE.

Miss Lena Hale has been very sick
for several days with tonsillitis but
is doing as well as could be expect-
ed.

Mr. and Mrs. Henry Braner were
in Jacksonville looking for Santa,
Tuesday.

Misses Mae and Minnie McFadden
and Mrs. Oscar Braner visited Wed-
nesday with Mrs. Elmira Wiswell
and family.

Chester Braner is treating his
house and sheds to a new coat of
paint.

Mrs. Will Jones spent Tuesday
with her mother, Mrs. Elymira Wis-
well.

Mrs. Hannah Braner and sons
Walter, Newel and Charlie, Mrs.
Hattie Farmer and daughter Flor-
ence, Mr. and Mrs. Newton Moss and
son Clarence, Mr. and Mrs. Charles
Longhary and daughter, Miss Marie,
spent Sunday with Elias Braner, and
son Harry and wife.

Mesdames Hattie and Agnes Val-
lery were Jacksonville visitors
Thursday.

Mr. and Mrs. Guy McFadden were
in Jacksonville Wednesday and at-
tended the poultry show.

Mrs. Nellie Braner and children
spent last Thursday with Mrs. Mae
Jones.

AT BOXELL'S STORE.

An error in the advertisement
which appeared yesterday for Boxell's
Coffee House caused some embarrass-
ment to the proprietors. The Jour-
nal advertisement said that 18 lbs.
of sugar would be sold for \$1.00,
together with the purchase of one-
half lb. of tea or one lb. package of
soda. The word "and" should have
appeared in place of "or" as Mr.
Boxell is unable to offer such a value
in sugar unless the purchase includes
two other articles. The error in the
advertisement caused a number of
misunderstandings, which were, how-
ever satisfactorily settled to all parties.

WILBER CHAPTER ELECTS.

Wilber Chapter, No. 353, Order
Eastern Star, held an election at the
regular meeting of the order Thurs-
day evening. Annual reports of the
various officers were given. The new
officers:

Worthy Matron—Mrs. John Phil-
lips.
Worthy Patron—R. J. Ferris.
Associate Matron—Mrs. Alex Rab-
johns.

Conductress—Mrs. D. T. Heim-
lich.
Associate Conductress—Mrs. Geo.
T. McKee.

Treasurer—Mrs. George A. Moore.
Secretary—Miss Jennie Ralofjns.

CITY HALL CHRISTMAS FUND.

Chief Davis has received several
donations for the city hall Christmas
fund. C. C. Phelps of the firm of
Phelps & Osborne, donated a number
of cloaks. Bonansinga gave a box of
oranges, and Mulloux & Hamilton
donated some candy. Chief Davis
says that he would like to have any
contributions of clothing and shoes.
If those wishing to give will call No.
18 on either phone he will be glad
to send for whatever donations they
care to make. The city hall fund a
year ago was productive of great
good and Chief Davis hopes to at
least equal the record of last year
and make several hundred children
happy.

VILLAGE BOARD OF FRANKLIN HOLDS MEETING

Oil Engine Which Went Thru Fire
Will Be Shipped To Factory. Olin-
ger May Rebuild Plant.

The December meeting of the vil-
lage board was held Tuesday even-
ing with all members present. The
report of the treasurer showed a bal-
ance on hand of \$251.56.

W. C. Hart, J. P., reported fifteen
\$3.00 fines assessed, all collected
except in four cases, and requested
the finance committee to audit his
books, which was done Wednesday.

C. W. Olinger was present and
stated that an engine man would be
expected to be in shape to take de-
finite action in restoring the electric
light plant, and said that if he built
another building it would be of brick
with iron window frames.

J. W. Tribble was appointed street
commissioner for another month
and after paying current bills
amounting to \$103.84 the board ad-
journed.

Engine Experts Here.

"Gas Engine" Jones, of Chicago,
was here to see C. W. Olinger yester-
day and after inspecting the oil en-
gine that went thru the electric light
plant fire it was decided to ship the
engine to the factory at Pittsburg,
where it will be repaired if worth it,
and if not a new engine with later
improvements was selected by Mr.
Olinger yesterday. March 1st is giv-
en as the earliest date we may expect
an operation of the light service, and
possibly not until March 15th if a
new engine has to be made and ship-
ped.

The electrical machinery will go
to Chicago for repairs.—Franklin
Times.

EIGHTY-SIX YEARS AGO

Eighty-six years ago last Saturday,
on Dec. 4, 1829, there arrived in this
community, from Franklin county,
Kentucky, a band of 24 pioneers of
the same family who were to play
an important part in the development
of Morgan county. Most of them
answered to the name of Wright.
They made their first camp in Mor-
gan county at a point near the site
of the present Hurricane Neck school
house. Twenty years ago three of
them were still living, Mrs. Sallie
Luttrell, of Waverly, Mrs. Lucretia
Kendall, of Jackson county, Missouri,
and Mrs. Adeline Duncan, of this
place. In the course of events these
too have passed away.—Franklin
Times.

Mrs. F. M. Besin of Basco was a
shopper in the city yesterday.

**TAKE "CASCARETS" IF
HEADACHY, BILIOUS
AND CONSTIPATED**

Best for Liver and Bowels, Bad
Breath, Bad Colds, Sour Stom-
ach.

Get a 10 cent box.

Sick headache, biliousness, coat-
ed tongue, head and nose clogged
up with a cold—always trace this to
torpid liver; delayed, fermenting
food in the bowels or sour, gassy
stomach.

Poisonous matter clogged in the
intestines, instead of being cast out
of the system is re-absorbed into the
blood. When this poison reaches
the delicate brain tissue it causes
congestion and that dull, throbbing,
sickening headache.

Cascarets immediately cleanse the
stomach, remove the sour, undiges-
ted food and foul gases, take the ex-
cess bile from the liver and carry
out all the constipated waste matter
and poisons in the bowels.

A Cascaret tonight will surely
straighten you out by morning.
They work while you sleep—a 10c
box from your druggist means your
head clear, stomach sweet and your
liver and bowels regular for months.

FOR BRONCHITIS, COUGHS, BRONCHIAL ASTHMA AND WHOOPING COUGH

Cheapest Remedy Made at Home—128 Teaspoonful for 25 Cents.

The first 300 persons calling at
M. E. Gilbert's will be entitled to a
regular 50c bottle of Schiffmann's
New Concentrated Expectorant for
half price (25c) by presenting the
coupon below, properly signed. With
a view to giving those who have not
yet used this new excellent remedy
an opportunity of trying it, in the
treatment of Bronchial affections,
including: Coughs, Whooping
Cough, Croup, Severe Coughs, Colds
and Hoarseness, to prove its merits,
these druggists are willing to allow
the public the profit which they
would otherwise make and the pro-
prietor is willing to lose money on
the same, so as to give them an op-
portunity of trying it at partially
their expense, knowing it will be
found the best medicine ever used
by anyone.

Even tho not in need of a
Cough or Cold Medicine at the pre-
sent time, it will pay to buy now, as
some such medicine is sure to be
required before the winter is over,
but this remedy cannot be obtained
at less than full price again. Be-
sides making this reduction, these
druggists guarantee this remedy
just the same as Dr. Schiffmann's
famous Asthmador, and will return

the money in every single instance
if it does not give perfect satisfac-
tion and even more—if it is not
found the best remedy ever used
for any of the above complaints.

This excellent remedy is suffi-
ciently concentrated so that 50 cents'
worth, when mixed at home, with
simply one pint of granulated sugar
and one-half pint of water (accord-
ing to printed directions) makes a
whole family supply (128 teaspoon-
ful) while bottles of the old, regu-
lar, ready-made kinds of doubtful
merit, and without a guarantee, usu-
ally average 20 to 32 teaspoonful.

It is prepared from strictly harm-
less plants, contains absolutely no
chloroform, opium, morphine or
any narcotic or injurious drugs
which do most cough remedies, and
can therefore be given to children
with perfect safety. It is pleasant
to take and children are fond of it.

Besides absolutely no risk is run in
buying this remedy whatever, on
the guarantee of the above, well-
known, reliable druggists who will
refund you 25c if it is not found
the best remedy ever used.

If a neighbor or friend could be
induced to divide and pay for half
the quantity, the cost would thus
only be about 12c to each.

PASSAVANT FUND IS GROWING DAILY

GRAND TOTAL REPORTED FRIDAY, \$34,663.50.

Speeches At Supper Last Night Were Optimistic In Spirit—Hospital Trustees Hold Meeting.

Friday, the unlucky day, turned out comparatively well with the Passavant hospital campaign, with a total for the day, women, \$292.00; men, \$1243.00; total, \$2172.00; grand total to date, \$34,663.50. Of course rain interfered much with the work. It must also be said that \$500 of the sum reported by team No. 1 was on condition that the effort results in raising at least \$75,000.00.

The attendance was diminished by the bad weather, but still there was a good number at the tables and Hon. J. J. Reeve presided. He asked R. V. F. B. Madden to say grace and the usual good supper was well enjoyed, after which the chair remarked that the rain was a good thing, as it showed who were the faithful ones. As usual, the ladies largely predominated.

H. J. Rodgers, head of the men's committee, said it would be well to lay plans for Saturday and see as many as possible from the country and solicit them. He assured the audience that this hospital is going to be built and while it may not be next year it will be in the near future. The people of Jacksonville have no other idea.

Emphasize the fact that people may subscribe and make the same in payments deferred so as to make it convenient. People spend much for monuments in the cemetery; give a few thousand to this cause and get a tablet in the wall of the new building; it will be a far better monument than a shaft in the cemetery.

Mrs. H. M. Havenhill said she, Mrs. Scott and Miss Whittier had been at Pittsfield and secured some money, the time was short. They were kindly entertained by Judge Edward Doocoy, who showed them much courtesy.

Mrs. Knapp said she was much interested in the remarks of Mr. Rodgers, that this hospital was going to be built. She and Mrs. Caldwell had been to Concord and had not found any not willing to assist and they had brought back a little.

Mrs. Danskin said she had had the time of her life in Menard county Thursday. They had a walking test in the person of a young lady, who had been nursed back to life at the hospital and she was a great help. There was too much good territory for a day and they possibly will go back Monday and ask for some more. She had been somewhat inspired by the spirit of the nurses.

Chas. B. Grant said his team were going to take the word of Captain Spooner, who said they would be magnanimous and let some other team have the banner tonight.

Dr. Geo. Stacy said there were often complaints of treatment of patients at the hospital. The doctor is the one who gives orders and all complaints should first be referred to him and possibly he may straighten things out quickly. At any rate, he is the one responsible.

Rev. W. E. Spooner said the colored teams deserved great credit for the faithful manner in which they worked and the results they had accomplished. He said when he contemplated coming to this place his people told him that any man who would leave McLean county to come to Jacksonville deserved to be taken to the big building in the southern part of the town, but after he had been here and looked the field over he told his people that the man who wouldn't come here was the candidate for the big building, and that feeling had been growing on him for four years.

Rev. F. B. Madden suggested meeting people at the trains today and working with them strenuously.

Mrs. Hollinger and Miss Giles had been to Griggsville. A. J. Pratt showed them great courtesy in conducting them about the place. It was rather hard sledding and \$22.75 was raised.

These H. Buckthorpe took Misses Doying and Sieber to Murrayville in his automobile and they had done their best but it was hard work.

Hospital Trustees Meet. A meeting of the trustees of Passavant hospital was called immediately after the exercises last evening in the Grace church to take suitable action regarding the death of John R. Loard, long time president of the board. It had been impossible to communicate with the members who have no telephones, which was regretted. Carl H. Weber was appointed secretary of the meeting.

A committee consisting of Dr. Carl E. Black, F. J. Andrews and A. T. Capps, was appointed to prepare suitable resolutions, send a copy to the family, furnish copies to the press and supply the secretary with one to be spread on the records of the hospital.

Miss Ida B. Venner, Mrs. Kate Hollinger and Mrs. Susan Orear were appointed a committee to procure flowers in the name of the trustees. It was decided, as far as practicable, to attend in a body and the secretary was instructed to confer with the ushers of the church regarding separate sittings. Several of the trustees are bearers.

SUFFERS INJURY TO FOOT.

Pearl Pickle, employed at the C. P. & St. L. shops, while engaged in some tinning work Friday afternoon, suffered the misfortune to have a heavy piece of iron fall upon his right foot and badly mash several of his toes. The company physician was called and gave immediate attention, tho it will be several days at least before Mr. Pickle is enabled to return to work. He is at his home 234 1-2 North Main street.

COUNTY BOARD FAVORS PLAN TO OIL THE ROADWAYS

Conference Held With Highway Commissioners—General Opinion Favors Expenditure of State Aid Fund for Oiling.

From all indications the Morgan county board of commissioners is not in favor of the construction of any more hard roads the coming year but prefers to spend the money for road improvement in oiling. For the discussion of this plan the county commissioners and road commissioners held an informal conference at the court house Friday afternoon, with L. V. Baldwin, superintendent of highways, present. It is understood that a ruling of the state highway commission makes it possible for the money obtained from state aid funds to be utilized with an equal amount raised by the county, for the grading and oiling of roads but does not permit any expenditure from this fund for the maintenance of the road.

The county board will not have sufficient funds to undertake the maintenance of a great stretch of oiled highway, and it was with the purpose of having an agreement from the commissioners that the cost of caring for the roads after they have first been placed in condition will be paid for from the district funds, that the conference was held. The various stretches of oiled roads in the county have given such satisfaction during recent months that this system of road improvement has grown steadily in favor. While it has not been tested out long enough to prove conclusively that the oiled roads will stand travel in all kinds of weather, the test has been sufficient to give people the feeling that there will be more present day good accomplished by spending their money for oiled roads than by hard roads.

This does not mean of wholly abandoning hard road construction but rather that something should be done as soon as possible to make the highways of the county better during all seasons of the year and that afterward improvements of a still more permanent type may be made. As indicated, there was no formal action at Friday's conference, but there seemed to be a unanimity of opinion toward oiled highway improvement. It is therefore safe to say that there will be a large amount of this work done during the coming year.

DINNER AND BAZAAR OF CENTENARY LADIES.

The Ladies Aid society of Centenary church held its annual turkey dinner and bazaar at the church Thursday evening. There was a large attendance and both dinner and bazaar were well patronized. The bazaar and dinner were under the auspices of the Ladies Aid and the candy sale was conducted by the members of the Young Woman's Foreign Missionary society. Mrs. Homer Rowland, president of the society, had general charge of the affairs, while Mrs. T. H. Buckthorpe was chairman of the bazaar committee. The committees, who were ably assisted, were:

Candy—Miss Martha Hoover and Mrs. George Fuhr.

Bazaar—Mrs. Buckthorpe, Mrs. A. C. Metcalf, Mrs. Alex. Platt, Miss Winnie Wackerle, Miss Ann Hodgson and Miss Olive Hodgson.

Kitchen—Mrs. Frank Ham.

Dining room—Mrs. E. L. Kinney.

Mrs. John Richardson, Mrs. E. E. Wells.

SIGMA PI SOCIETY.

An interesting meeting was held by members of Sigma Pi Literary society of Illinois college Friday evening. The program:

Declaimers: Elgin Olinger, "Regulus to the Carthaginians;" Robert Foster, "The Mysterious Portrait." Essayists: Elmer Lukeman, "The Mouths in the Bark."

Readers: F. S. Stewart, "The Reconsidered Verdict;" Earl Shaffer, "They Roads They Took."

Extemporizers: Hansel Wilson, "The Week's Meetings."

Subject for debate, "Resolved, that intercollegiate athletics should be abolished." Julian Frisbie and Henry Caldwell were affirmative debaters with Hansel Wilson and Edward Bullard, upholding the negative and winning the debate.

WAS NEAR FIRE.

Almost a conflagration happened at Knollenberg's ice cream parlor yesterday. John Sweeney was standing on a step ladder and by some means his apron came in contact with the gas jet used as a cigar lighter and in a moment the garment was in flames. John lost no time getting down from that step ladder and removing the burning article and fortunately he was not hurt.

ROUTT COLLEGE DEFEATS SPRINGFIELD BUSINESS COLLEGE

Basketball Teams Play Fast Game, the Final Score Being 20 to 18.

Route college basketball team won a fast game of basketball from the Springfield Business college five last night in Liberty hall, Friday night, the score being 20 to 18. It was the first game since the hall has been redecorated and fixed up. The score at the end of the first half was 11 to 9 in favor of Route, Springfield in the person of Leurs has a fast man of considerable experience and in fact their whole team was built around him. The local five showed up well and their excellent team work was what won them the contest. Route is planning for a good schedule this season, which they hope to announce in the near future. Springfield made 7 field throws and 4 free throws; Route 9 field throws and 2 free throws. The following was the lineup:

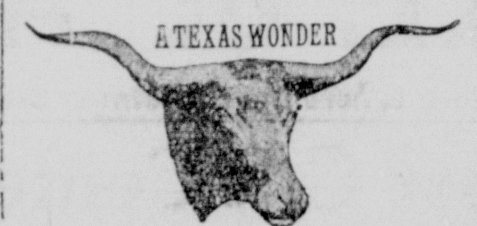

Route: L. Wolfe, center; Leary and H. Roach, guards; Froelich and Walsh, forwards.

Springfield: Leurs, center; Bridges and Latterman, guards; E. McCarthy and J. M. McCarthy, forwards.

Alexander acted as referee and Butler as umpire.

ONE THOUSAND DOLLAR PLEDGE FROM MURRAYVILLE FOR PASSAVANT FUND

Contribution from Long Time Resident Without Solicitation Makes Condition that Whole Fund Must Be Raised--Believes In Passavant.

A modestly written letter came to the Journal Friday night from Murrayville, in which the writer declared in a few words his willingness to contribute \$1,000 to the Passavant hospital campaign fund. The writer of the letter had told no one of his intention and it is understood that he had not been solicited for a pledge. The condition he makes is that his \$1,000 shall complete the sum asked and that he is not to be called upon for his money until \$99,000 has been raised. This generous offer coming in such an unostentatious way, from a long time citizen of the county, whose interest in the hospital was not known, should furnish inspiration to the workers who are now endeavoring to raise the fund so greatly needed for the hospital. Here is the way the letter reads:

"Murrayville, Ill., Dec. 9, 1915.

Dear Journal:

I see that Jacksonville is trying to raise \$100,000. I wish you all success for Passavant hospital. If your committees get \$99,000 I will give \$1,000 to make the fund \$100,000—that is, I want my \$1,000 to be the last of the \$100,000, but if you already have a pledge of this kind you can place mine next below. Remember if you cannot raise the \$99,000 you get nothing from me."

Yours truly

P. S. If you make notice of this, please do not mention my name. Only say that the offer comes from a friend of the hospital from Murrayville.

JACKSONVILLE HIGH SWAMPS BLUFFS HIGH 55 TO 20

Local Lads Were Too Fast for Scott County Five in Game Played at Bluffs Last Night.

The Jacksonville High school basketball team proved too fast for the Bluffs High five last night, the score being 55 to 20 in favor of Jacksonville. On account of the low ceiling the J. H. S. men did not show up so well in the first half, the score being only 22 to 12 in their favor. In the second half, however, they came to themselves and ran the score up. Bluffs has a good team and they play a fast and hard game.

The records of the local players were as follows: Tomlinson, center, 8 field basket and 1 free throw; Andrews, forward, four field baskets; Marshall, guard, two field baskets and three free throws; Hull, guard, five field baskets; Oscher, forward, six field baskets and one free throw. Potter of Jacksonville acted as referee.

SMALLPOX IN GOLDEN.

Dr. E. F. Baker went to Golden, Ill., Friday on business in connection with the state board of health. The assistant postmaster at Golden, it is reported, has contracted smallpox and it is feared by residents of that place that an epidemic may ensue.

MOVING PICTURE MUST NOT BE JUDGED AS DRAMA MERELY

Nicholas Vachel Lindsay Makes Use of Painting, Sculpture and Architecture As Criteria—Reads Poems At David Prince School.

It was undoubtedly the poetic genius of Nicholas Vachel Lindsay which drew two discriminating audiences yesterday to the David Prince school building, no less noteworthy was Mr. Lindsay's evening lecture on "The Art of the Moving Picture," and his novel, yet clearly logical, use of three of the fine arts—sculpture, painting and architecture—as standards for the correct evaluation of motion picture productions. The motion picture should not be judged by dramatic standards merely, emphasized Mr. Lindsay, who in his elaboration of a subject so slightly understood seemed no less an artist than was he in the rendering of his own most colorful poem.

There are, according to Mr. Lindsay's classification, three kinds of motion picture, the action movie, the intimate movie and the movie of splendor, which includes the fairy film, as Cinderella; the crowd picture, depicting the mob or even armies; the patriotic movie, in which these scenes of massed soldiery are enlivened with patriotic motive, and religious motion picture drama, in which are depicted ritual, ritualistic episode or the supernatural. The action movie may be compared to the work of the artist in stone and thus is "sculpture in motion." The intimate movie, in which are classed that large number of stories of social life and the conventional stories of romance, slower moving and near at hand, Mr. Lindsay characterized as "painting in motion" and hence subject to the canons of criticism which apply to works of the brush. As architecture, whether it be massive and ornate or delicate and finely chiselled, is dependent upon its scenic quality, so is the motion picture of "splendor" primarily scenic and worthy of comparison with "architecture in motion."

After his lecture Friday evening Mr. Lindsay read several poems by request, among them "The Fireman's Ball," "The Chinese Nightingale" and "The Congo." At his 4 o'clock entertainment he began with "The Congo" continuing with "The Santa Fe Trail," "The Ghost of the Buffaloes," "The Potatoes' Dance," "The Griffin's Egg," "What the Sexton Said," "The Shield of Faith," "The Building of Springfield," "A Net to Booth Enters Into Heaven," "SHR TA Snare the Moonlight," and "General Booth Enters Into Heaven."

Mr. Lindsay while in the city was a guest of the Rev. and Mrs. Myron L. Pontius. He and Mr. Pontius were college mates at Hiram, O., and the poet's visit here was a most pleasant one. Mr. Lindsay will leave this forenoon for his home in Springfield, expecting to fill no more lecture engagements until after the first of the year. He will then go to Chicago to recite his poems to a leading club, will appear before the Cincinnati Woman's club, the Elizabethan club at Yale and a number of other organizations, chiefly in the east.
